How to access the Student Portal?

Full-time students can login to SCS School Portal anywhere and anytime. What you need is simply a PC that is hooked up to the SCS campus network (e.g. computer in lab) or the Internet (e.g. home PC with broadband connection) as well as your SCS personal network login account and password. Besides, you are recommended to use Internet Explorer 7 or above with display resolution 1024 x 768 for best view and optimized operation.

What is my SCS personal network login account / password?

Every full-time student is assigned with a network login account when he/she is admitted to SCS. The network login account is the same as your Student ID number which is composed of an eight-digit number, e.g. 3XXXXXXX.

If you are the new student in or after 2014, your DEFAULT password of Moodle is generated by the Self-Registration System. Please visit http://registration.scs.cuhk.edu.hk for details.

If you are the student before 2014, your DEFAULT password is the first four alpha-numeric characters of your HK ID card number PLUS your date of birth in the format of DDMMYYYY. For example, if your HKID no. is A123456(7) and your date of birth is 24 Dec 1991, then your default password would be A12324121991 (case sensitive).

After you received your password, please change it immediately. For change password instructions, please refer to the Getting Started Guide for New Students.

What can I do if I forgot my user account / password?

If you forgot your SCS network login account or password, please notify the IT Services Division via email support@scs.cuhk.edu.hk and we will contact you for identity verification and reset your default password in due course.
Login procedures (On Campus, e.g. at computer lab)

Step 1: Turn on your PC

Step 2: Login to SCS network with your SCS network account and password

Step 3: Launch your Internet Explorer and you will be able to access the portal by entering the portal URL: http://student.scs.cuhk.edu.hk/

1. Enter your SCS network account here
2. Enter your password here
3. Click here to login
Login Procedures (Off Campus, e.g. at home)

Step 1: Make sure your PC is connected to the Internet.

Step 2: Launch your Internet Explorer and enter the portal URL (http://student.scs.cuhk.edu.hk/).

Step 3: You will be redirected to the portal login page. Click the “Proceed to Log On” button.

Welcome to CUSCS Student Portal

Login with MySCS account

- Forgot Password? (Help)

Important Notes:

1. Web browser’s Javascript and Cookies must be enabled to log in the School Portal.

Copyright © 2015. All Rights Reserved. School of Continuing and Professional Studies. The Chinese University of Hong Kong
Step 4: Enter your SCS network account and password, click the Logon button and you will be logged into the portal.

![Authentication Required window]

1. Enter your SCS account here
2. Enter your password here
3. Click the “OK” button to login

Web Browser Compatibility Issue

1. Safari Browser is not supported.

2. Several web browsers support data compression technology that reduces mobile data usage when downloading web pages. Please note that the Student Portal site is not compatible with such data compression technology. Examples of web browsers include:
   - Google Chrome with Data Saver
   - Opera browser with Opera Turbo
   - Opera Mini

You should turn off the compression setting before accessing the Student Portal. Please refer to the respective web browser’s manual on how to disable the data compression feature.
